

April 26, 1941.

Mr. J. Dory Laramore,
228 N. Willow St.,
Trenton, N. J.

Dear Laramore:

Just received your letter, hastening to answer and enclose a check because I am very anxious to get the cards out. The game is only two weeks off, as you know. Please let me know what towns you will cover. You were sent 100 cards, if you do not use them all, let me know as I could use more in Newark.

About playing at Dunn Field, we have been thinking about it for sometime, we have had one letter from Mr. Spair, but have not decided anything definitely to date. I will appreciate having you suggest what you think would be a good program. Would the soldiers be more interested in night ball? What days do you think would be most profitable to play? It might be a good idea to inquire and find out when they are paid, and if there are any special days they prefer leaving Camp. What do you think of Sunday nights? Will appreciate hearing from you as soon as possible.

Very truly yours,

EM:CCJ
